AeroPress

£29.99

Both filter and espresso coffee can be used in the AeroPress coffee maker. It uses high pressure extraction to brew an incredible cup of coffee and is lightweight and robust, making it perfect for travel and outdoor use. Just use hot water to wet the coffee grounds and get started.

Yield (cups): 4

Classic Aeropress Recipe

The classic recipe recommended by AeroPress inventor Alan Adler, from the official Aeropress website.

Grind: Fine

Ground Coffee (grams): 15

Water Temp (°C): 80

Water Volume (ml): 90

Brew Time (mins): 1.00

Method: Put a filter in the cap and twist the cap onto the chamber. Scoop 15g of espresso grind coffee into chamber. Add 90ml of water at 80°C. Stir 10 seconds. Insert plunger and press gently for 50 seconds. This produces an espresso style coffee. Simply add hot water to your tasting.

Suggested: Products:

AeroPress Original
